

ADAMS COUNTY VETERANS' WALL OF HONOR DIRECTORY

**Please return the directory to where you found it
when you are finished with it, thank you!**

HOW TO USE THE DIRECTORY TO FIND A NAME ON THE WALL

- The directory is listed in alphabetical order by the last name found on the brick (if available, as some bricks only listed 1st names).
- Find the name of the person you are looking for. Beside the name you will find the wall (north, south, east, or west), side, column, and row, of the brick's location.
- The North Wall is the wall closest to Madison Street
- The East Wall is closest to the courthouse
- The South Wall is closest to the Post Office and Court Street
- The West Wall is closest to 3rd Street
- If it says "Inside" it will be on the inside perimeter of the Veterans' Wall, which is where the benches and flag pole are located.
- If it says "Outside" it will be located on the outside perimeter, closest to the street or courthouse.
- When counting columns, start on the LEFT of the wall in question, with the column to the farthest left being column #1 and the column to the farthest right being column 21.
- When counting rows, start at the TOP of the wall working your way towards the ground. The highest brick will be row 1, and the lowest brick being either row 7 or 8, depending upon the column in question.
- As an example, if you were to see a brick's location that it was on the Inside North wall, column 4, row 3, you would go to the wall that is closest to Madison Street on the side of the wall where the benches and flag pole are located. Starting at the farthest left column and moving to the right you would then count 4 columns. In that column you would then start at the highest brick and count down towards the ground until you reached the 3rd brick in the column.

ABOUT THIS DIRECTORY

This directory is the work of Boy Scout Troop 70 (First United Methodist Church) and Elks Lodge 993, both of Decatur. All of the information contained within the directory has been taken directly from the Veterans' Wall as the only source of information. We have endeavored to do our best to ensure accuracy in the names, ranks, and branches of service of our honored veterans. That said, given that the young men who put this directory together range in ages from 11 to 14, and as such have not yet had the honor to serve in the military, we may not have always accurately recognized the abbreviations or acronyms used by our military men & women. Proof reading was performed by the adults using still & video photography of the wall in an attempt to ensure accuracy, however, since we are all human it is possible that mistakes were still made. If a mistake has been made in any area, we ask for your forgiveness. In closing, whether or not your name is etched in the bricks of the veterans' wall, we thank all of our veterans and their families for their service to our country.

- Boy Scout Troop 70 & Elks Lodge 993, August 2014.
